BG is a place for friends to gather

People are the personality of Boone Grove School. These people, administrators, teachers, and students, are friendly in and around our school.

Every day the administration and staff talk with students, helping them solve daily problems.

Although the faculty's first interest is in our scholastic pursuits, their friendship goes beyond the classroom. They are always open for an after class discussion and might even take part in a foolish "mock basketball game" for the sake of school spirit.

The students of Boone Grove School, in addition to studying, spend their time talking in groups during lunch hour, saving places in lunch line, or walking that certain someone to class. After school they spend time double dating, riding fans buses, yelling at basketball games, and dancing at sock hops. Elementary students admire their older brothers, sisters, cousins, or friends they have met on the bus or at school.

Porter Township, a small community, fosters this feeling of all for one and one for all. Many of the families have known each other for generations.

Growing up together, being neighbors, working side by side, and sharing the same experiences makes Boone Grove a Friendly School.

Many long hours produce '68 Procyon

To chronicle the entire school year of an active institution takes talent and imagination of many colors and sizes, and the Procyon of 1968 was no exception. Through the innumerable contributions of a hardworking staff, a year-book was assembled, throbbing with school life at Boone Grove.

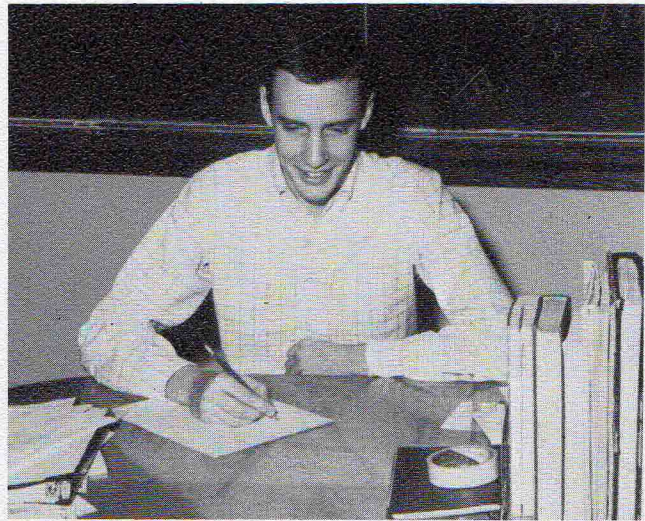

A typist slaving away over lists of names for classes, a besmeared copy staff member with pencil in hand, a dedicated architect laying out page plans geometrically--all these were familiar signs as a few scraps of paper, several pictures, and Boone Grove imagination recorded a satisfying year for posterity.

Cross Country ties for second

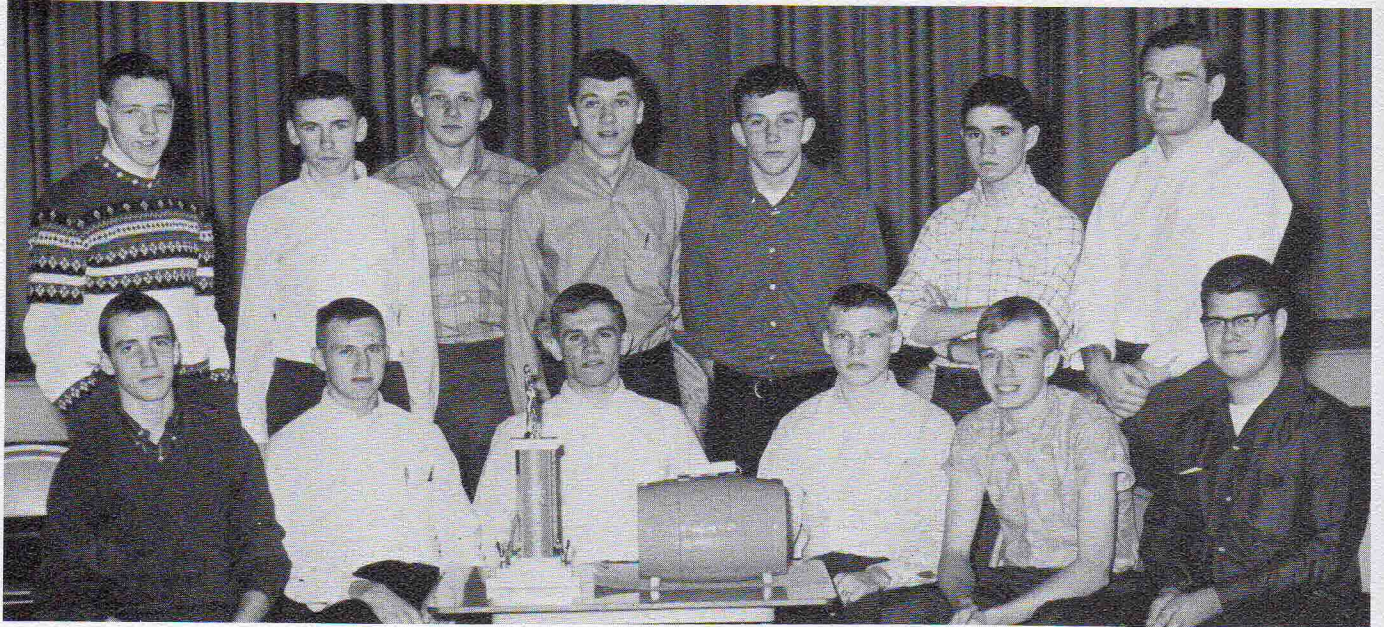

Due to inexperience and lack of upper classmen runners the Boone Grove X-Country team was dethroned as county champions after a reign of two years. Even so the Wolves finished respectfully with a tie for second in the conference. Coach Jack Nicksch is anxiously looking forward to bigger and better things in the next few years when his young team matures.

PCC CHAMPS; WE'RE THE BEST

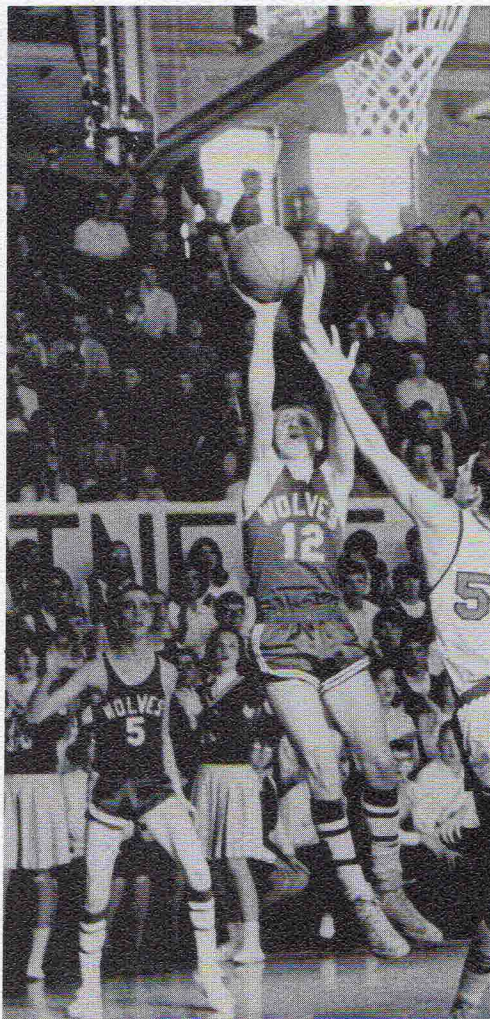

Excellent hustle and that never give up attitude spearheaded the drive toward a most successful season for the varsity basketball team.

This year the Wolves captured the County Tournament, South County Tournament, and conference Championship with a 7-0 record, a feat never before accomplished by a team at Boone Grove.

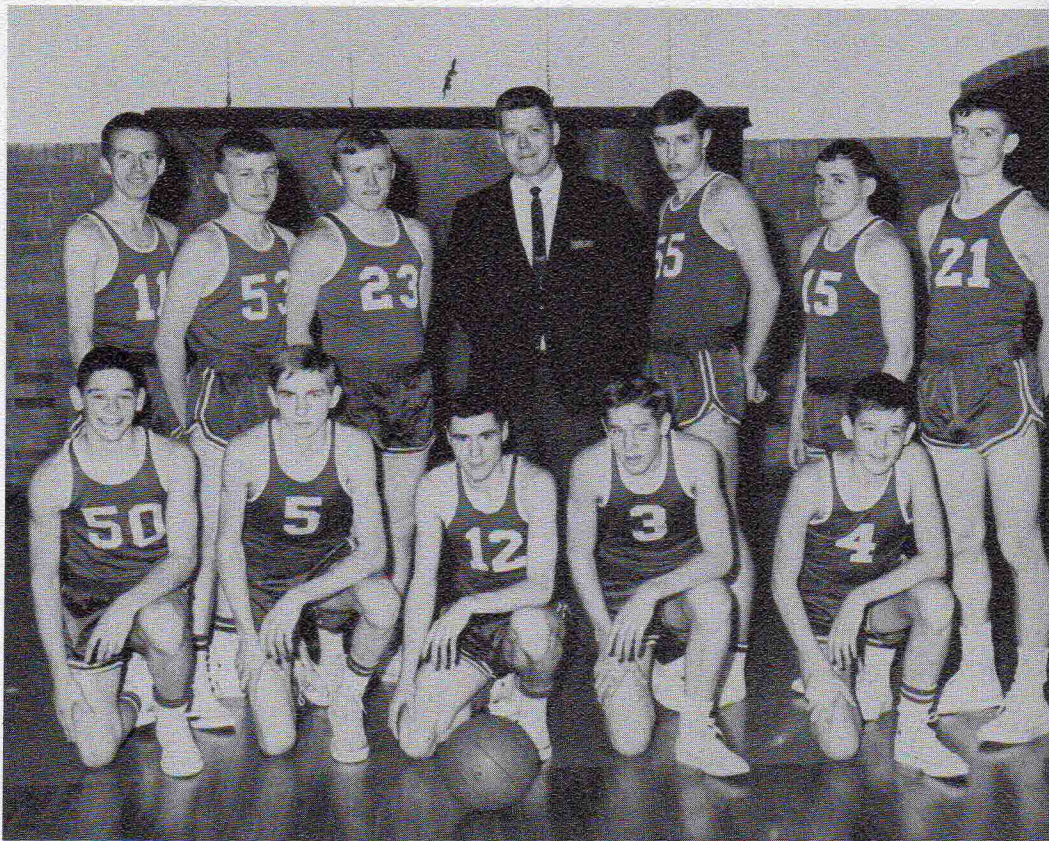

They finished with an excellent 16-6 overall record, defeating many big out of conference schools.

Many a time had things looked black for Boone Grove when a spark would ignite on the basketball floor and spread like a prairie fire as the Wolves would rise up to smite down the challenging foe.

Much can be said in praise of this year's team but the look on the faces of Boone Grove's fans said it better than any words, PRIDE!

Junior Varsity has 13-3 season

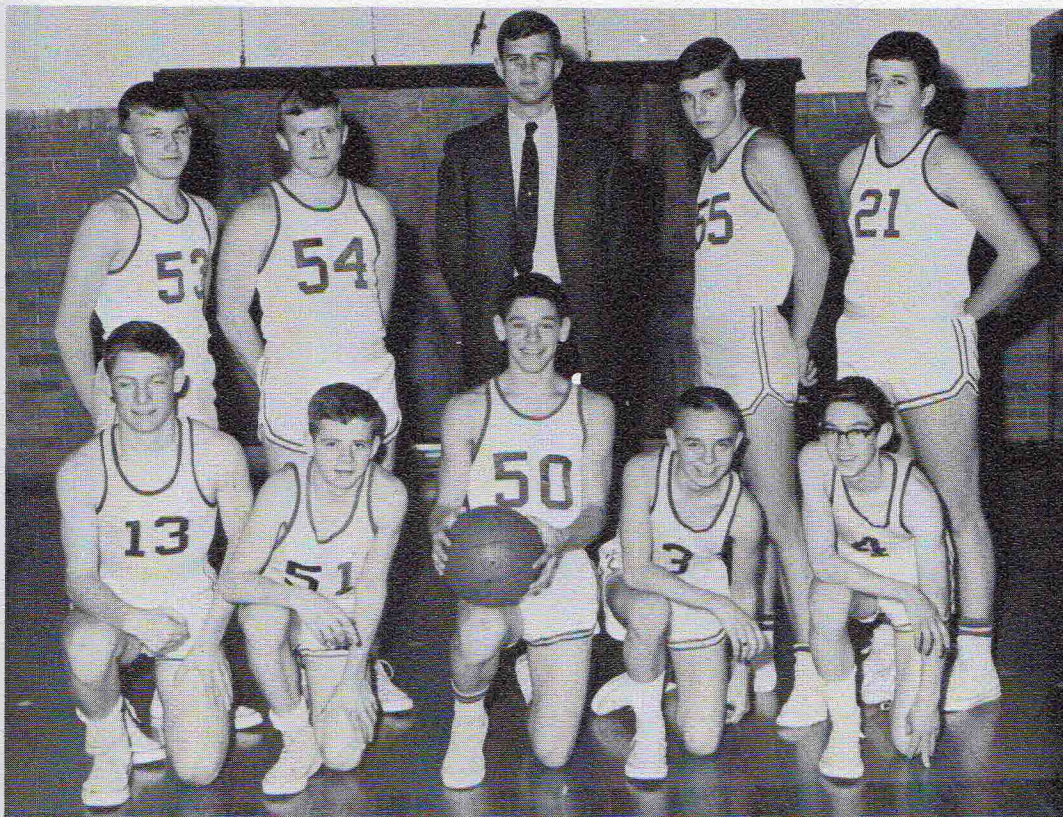

Row One: Carl Kubal, Alan Schiesser, Dave Christman, Steve Steuer, Ralph Roeske. Row Two: Norman Dibkey, Dan Pivarnik, Bob Burnett, Coach Tom Risinger, Aaron Carlberg, Don Walters, Richard Wright.

Our Junior Varsity basketball team was more successful than any other team, ending with an excellent record of 13-3. Coach Risinger brought the team together and working as a team, they had balanced scoring throughout the season.

They dropped the J.V. Tourney by only one point, but they fought back to receive an excellent season record. This team should give B.G. something to look forward to in future years.

Junior high teams have good seasons

Lack of experience was the biggest problem of our Jr. High basketball teams. The A team was made mostly of 7th graders, Coach Jack Nicksch can look forward to a good season next year. This year's A team ended the season with a 6-7 record. Mr. Paul St. Clair's B team ended up with a 5-5 record.

Another successful season came at the hand of our Jr. High baseball team. They ended their season with an impressive 5 and 2 record, which was good for second place in the PCC.

Coach Risinger played a big part in the Wolves successful season. He was forced to use six 7th graders on the starting line-up and still came up with a 5-2 record. In two years of coaching Boone Grove he has won 10 games and only lost 4.

Dave Meyne, seventh grader, was the batting champ for the Wolves with an excellent batting average of .500.

BG Cheerleaders led hysteria

Varsity cheerleaders are Brenda Hancock, Susan Herlitz, Donna Berkshire, Patti Drummond, and Kathy Stump.

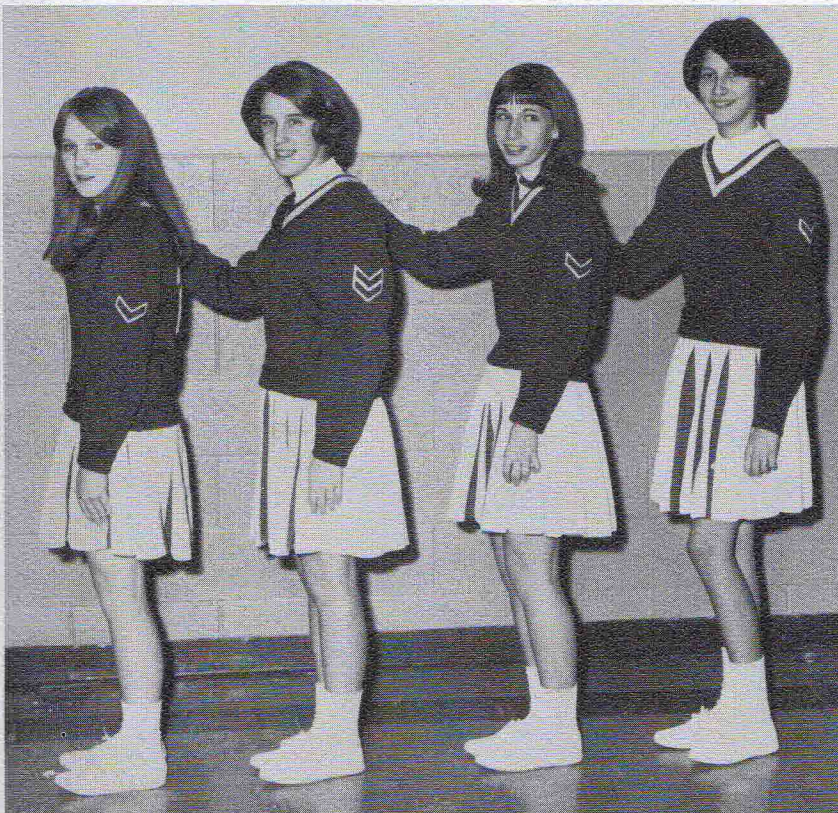

Susan Herlitz displays her tourney theme pin while practicing.

After spending a week at cheerleading camp during the summer, the Bonne Grove Varsity Cheerleaders returned eagerly awaiting the basketball season. In order to perfect their cheers and pom-pon routines, practice sessions were held every Tuesday. They were busy not only with practicing but also with planning pep sessions and skits such as the homecoming "Wolfie Worm" skit, and organizing the County Tourney theme, "Beware of the Wolves."

The four Junior Varsity cheerleaders led the support for the JV basketball team very successfully as one can see by the JV's record. They exhibited good sportsmanship at all times and executed many new cheers and chants.

Tireless effort boosted team spirit

Junior Varsity cheerleaders are Kay Drummond, Kathy Tobey, Jannette Hancock, and Barb Banks.

Staff works hard

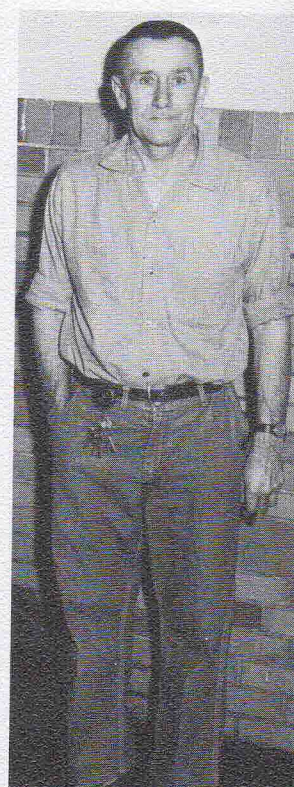

The so-called "early bird" are the bus drivers. To be sure that students arrive at school on time, they are up and on their routes early.

The school cooks start early too, to be sure a balanced lunch will be served to the students on schedule. The rest of their day is spent caring for the kitchen and planning future lunches.

Custodians Buster and Butch are the around-the-clock workers. They often work late sweeping or closing the school after activities, spend the school day repairing broken equipment and performing odd jobs around the school, and must even work during the summer to be sure the school will be ready for fall.

Almost everyone asks the same old question. Well, we're not an insurance company, a state hospital, or for that matter anyone in khaki.

Actually, an Indiana General is a 60 year old veteran corporation. Our business is magnetism. We make magnetic materials of every shape and variety. We're also your next door neighbor. Fact is, our paths cross many times each day. Your television set, telephone, and hi-fi equipment probably use Indiana General products. Even the electric

knife mom uses to carve the roast. Most computers couldn't think without tiny memory cores developed by Indiana General Corporation.

Then there are the big hefty magnets that lift huge chunks of steel. Or equipment that detects tiny metallic particles that might otherwise drop into a box of cereal.

Permanent magnets are produced at our two Valparaiso plants. The company's other divisions, located throughout the United States, in Mexico, and

Canada, produce ferrites, memory cores and stacks, precision motors, magnetic separators, and magnetic handling equipment for consumer, industrial and military applications.

To put it more simply, Indiana General is the world's largest manufacturer of magnetic materials.

Now you know when somebody asks you.
